Key Poses for Beginners

1. **Mountain Pose (Tadasana):** The foundation of all standing poses.
2. **Downward-Facing Dog:** A full-body stretch and strengthening pose.
3. **Warrior I & II:** For building power and focus.
4. **Child's Pose (Balasana):** Your go-to resting posture.
5. **Tree Pose:** To improve balance and concentration.

Tips for Success

- **Listen to your body:** Never push into pain.
- **Consistency over intensity:** Even 10 minutes a day makes a difference.
- **Focus on the breath:** Breathe deeply and through your nose.
